### GIFT OF MEDICAL RECORDS.

Presented to State Society by Dr. G. L. Bates, of Morrisville.

At the meeting of the Vermont State Medical Society, which was held in Burlington last Thursday and Friday, Dr. George L. Bates, of Morrisville, presented the society with the complete records of the Vermont State Medical society from the first meeting in 1814 up to 1831.

The society has been looking for these records for over half a century. They came into Doctor Bates' possession from the late Dr. C. C. Rublee, who died in Morrisville a few weeks ago, the books having come into the hands of Doctor Rublee from his grandfather, Dr. Charles Clark, at one time a practitioner in Montpelier, and at one time secretary of the society.

The first article appearing in the book was regarding the requirements of medical students for the study of medicine at that time. The book was presented by Doctor Bates Thursday afternoon and was accepted by the president of the society, Dr. P. E. McSweeney, of Burlington.

### FAIRFAX SCHOOL DISPUTE.

Parents Want School Barge to Visit Every Scholar's House.

Fairfax, Oct. 18.—F. H. Dewart, county examiner of teachers, held a meeting at the town clerk's office Monday on an appeal of H. H. Blake and others who claim that they are not given an equal advantage with others on transportation.

The school directors run a barge from North Fairfax, gathering up all the scholars and carrying them to the Belvoir Free Academy, and require the scholars on the cross roads to come to the main road to meet the barge. Mr. Blake's children and the children on that road have just the same distance to go that they would have if the school was run in district No. 11, and the scholars on the other roads in question have about one-half mile less. During cold weather the directors arrange to have a fire in the school house so that if the children get there before the barge they can go in and keep warm. The protesters are not satisfied but insist on having the barge go to every door and take the scholars in.

Mr. Dewart heard both sides of the question, and is to render his decision later.

### HEART TO HEART TALKS.

A Few Words on a Fragrant Subject For Barre Men.

Smoke? Well, then, smoke a good cigar. Smoke a Wadsworth Bros' Cigars, a straight 5c cigar that has more real pleasure and enjoyment beneath its rich brown wrapper than the average "ten center."

Leading business and professional men all over the country have a box of Wadsworth Bros' Cigars right at hand to treat their friends and customers. They would not do this unless the cigar was just what it is—all long Havana filler, burning evenly with a long, white ash. C. H. Kendrick & Co. have the local agency for Wadsworth Bros' Cigars, and say they never before had a cigar in their stock that gave such universal satisfaction. Try one and you will thank them for introducing it in Barre.

Miss Helen Randal, of Montreal, has taken the position as superintendent of nurses at the Rutland city hospital. Miss Madge Morganson, who has been filling the position for four months, until a permanent superintendent could be secured, will return to her private practice.

## A WONDER WORKER

MARVELOUS DISCOVERY FOR THE CURE OF ALL FORMS OF CONSTIPATION—NOT A HABIT BUT A CURE—YOU DECREASE THE DOSE UNTIL CURED.

After many years of study and practice a physician specialist has discovered the cure for constipation. It is called Chase's Constipation Tablet.

"I do not mean," said the physician to several of his colleagues announcing his success, "I do not mean just another pill that breeds the pill habit. My remedy is a cure. By gently forcing all the digestive organs to perform their functions it restores them all to health and strength."

"THE MORE, THE LESS."

"The more you take the less you need until you need none—for you are cured. My effort all along was to avoid the evil of the ordinary remedy which pumps organs already weak and so makes the patient a slave to the pill. Remember—Nature expects every organ to do its duty."

Physicians have long recognized the fact that constipation is at the bottom of nearly every disease. It saps all energy, and makes life a burden; it opens the doors to all evil germs and makes the body too weak to resist them.

"THE VELVET WORKER."

This new discovery is in small tablets, easily taken, and they are packed in watch-shape bottles which fit the vest pocket. The tablet is mild, all-vegetable, never gripes or injures the most delicate organs. But it does the work! So naturally and soothingly they stimulate and regulate and strengthen that they have been nicknamed "The Little Velvet Workers."

Don't shuffle along with this great burden. Be healthy, be strong, be happy. Read our offer:

I am entirely cured and feel like a new man." George Snyder, Napoleon, O.
